Model 2 Implementation gains momentum

We are in the process of **changing our Delivery model of Computer education** from **Total Delivery package** by Computer Shiksha (called Model 1) to the new 'Model 2', whereby we **enable a school** to deliver computer education themselves using our in-house developed **Self Learning Videos** that act as trainers. Thus In Model 2, we provide computers, their maintenance, Self Learning Videos, teacher's Manuals, Training, Online Watch on each class using CCTV with internet, exams and finally certificates. Basically, we help create an enabling ecosystem at the school that delivers Computer Education.

The process works like this - once the due diligence of the partner organization are over we need to

- arrange laptops / desktops and checked for the hardware and software
- arrange for the LCD projector and the CC TV set up
- train facilitators from the partner organization.

We are happy to share that we have achieved significant milestones in this journey and it seems we will succeed in reaching out to the large numbers that we dream of.

Summary of the Implementation

We **launched Model 2 in April 2016** and within **these 6 months have added 7 schools** fully operational delivering computer education to **additional 683 students**. Now we are confident of expanding at a fast pace and move faster towards our dream of taking Computer Education to the needy everywhere.

In Model 1 we partnered with a mix of primary, middle and secondary schools but as we move ahead we are so glad that Computer Shiksha is reaching out to not only schools but is setting up learning centres across a wide variety of partner organizations. For eg. Mahila Chetna Kendra is a Self Help Group of village women in Dera. Prayas Observational Home is a short stay home for juveniles in conflict with law. SPYM i.e. Society for Promotion of Youth & Masses is a non-profit organization working towards the prevention of drug abuse

Another milestone achieved

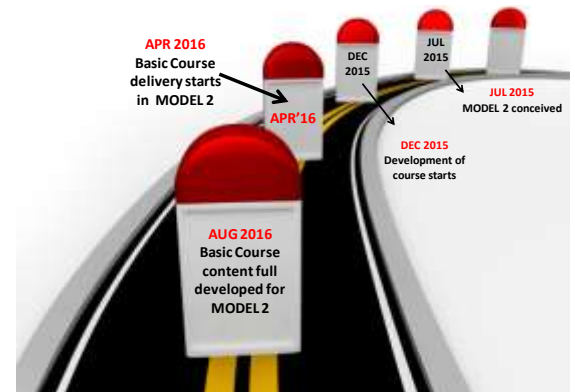

Our total course consists of 'Basic Course' of 32 weeks and Advanced Course of 30 weeks.

We are very happy to announce the completion of the entire content for the Basic Course, a 32 weeks course .

What this means is that each of the following listed items have been completed.

1. Self Learning Videos in Hindi on Modules Paint 1, Writer 1 & 2 (MS Word equivalent), Impress 1 (PowerPoint equivalent), Worksheet 1 (Excel equivalent) and Internet surfing
2. Facilitator's Manual for each module (bilingual, in English and Hindi)
3. MCQ Test Paper, Answer Key and Difficulty Level identifier for each module

The Videos and Facilitator's manuals have already been uploaded on the website and our YouTube Channel

We are in **URGENT** need of desktops and laptops. Please spread the word amongst your friends. If the machines are not working please do not wait to repair them. We will do all of that. All we need is the machines (working / not working) and if it's a laptop..... don't forget the charger!
